Great Time at EcoCortec® Picnic!

The EcoCortec® team was happy to participate at the first annual company picnic on Saturday, July 13. The picnic took place next to the EcoCortec® plant in the idyllic atmosphere of Baranja. Our team gathered with their families and dogs for a wonderful time enjoying the local food specialties of the Baranja region and chatting on a sunny day. Since the domestic Croatian music was playing in the background some singing was done as well!

After the meal games were held, employees competed in Tug of War and Archery while the kids were playing and jumping in the castle bounce house. Then the most fun and long awaited moment moment arrived, when EcoCortec® director Ivana Radić Boršić announced the name of our Employee of the Year. We are proud that this year's winner is our production employee Boris Bošnjak. Many thanks to Boris for his hard and devoted work and we wish him to keep it up. For others, more luck next year!

The best team had the best time!  
Our lab technician Snjeza giving tours of the lab
Our President/CEO, Boris Mikšić and his wife Ines sent everyone good wishes, thanked them for their good work and wished them the best time.

Later the families of EcoCortec® team members were taken on a tour of the plant and shown the Production Area, Office and our Lab. For the kids an especially fun part was when our lab technician Snjeza performed some experiments for them.

The great atmosphere continued until the late afternoon and everybody is already looking forward to repeating it next year!
